Why the United States?

Few countries on earth are as splendidly varied and diverse as the United States of America. The country boasts such a range of different landscapes, cities and experiences that you would be hard-pressed to explore them all, even over the course of an entire lifetime. As an exchange student, you'll have the opportunity to get up close and personal with a few of its key features: its multicultural

diversity, breathtaking scenery, and warm, "can-do" people eager to share their lives and values. The hardest part will be saying goodbye at the end of your stay!

You may be placed in any state in the USA; however, most of our students are placed in the Midwest, America's heartland. Host families usually live in medium-sized towns, making it easier for students to get involved with their local community and experience the American way of life hands-on - the best way to make your study abroad experience a success.

Classes

According to your choice, you will attend a local **Public or Private** High School where you will be placed in the grade appropriate to your age, academic achievement and English ability.

Along with your American peers, you'll take between 5 and 7 classes, of which **3, English, Math and History, are compulsory**. Some schools also impose Science. If you decide to take the graduating exam (12th grade students only) you will also have to take other compulsory subjects.

Classes are held in the morning and extra curriculums take place in the afternoon.

In most American high schools, students choose from **a wide range of classes and electives**: Calculus, Science, Physics, Biology, Foreign Languages, Psychology, Sociology, Literature, Drama, Pottery, Journalism, Speech, Media, Computing...

This is a great way to study subjects previously unknown to you or to acquire a different perspective on topics you formerly studied in your home country. Some classes run for one semester, meaning you'll be able to study a variety of subjects over the course of the academic year.

Extracurricular activities are an important part of the American school system and you will be able to choose from a wide variety of options: Field & Track, Football, Baseball, Tennis, Volleyball, Charity Club, Student Council, Fanfare, Speech Club, Year Book, etc.

Preference: upon application you will be able to indicate 1 preference among the following:

Students who have both age and level to integrate Grade 12 can obtain a **High School Diploma** providing they mention it on their Student Application.

The American educational system

American students study for a minimum of 12 years (elementary, middle and high school). High School includes the final four years of secondary education:

- 9th Grade (Freshman)
- 10th Grade (Sophomore)
- 11th Grade (Junior)
- 12th Grade (Senior)

Students are required to take English and US History, which are mandatory subjects. They can choose three or four additional electives from the subjects offered at their school depending on their interests.

In the afternoons, extracurricular activities are held. Students can choose to take part in sports or cultural events as well as school clubs and associations.

Homestays

American Host Families

Your host family is the defining feature of your study abroad experience, helping you become fully accustomed to US American culture and feel part of the local community.

Our partner organization's volunteer host families are carefully screened and regularly inspected. Families are not compensated for hosting international students and take an active interest in choosing a student to host and sharing their homes, lives and culture with their guests.

While staying with your host family, you will have a **single or shared room** depending on your placement. All stays are **half board**.

Our Local Correspondants

The local correspondent is an experienced staff member who knows the host families and is in regular contact with the students and their American parents throughout the programme. They regularly organize meetings to ensure that your experience is going smoothly, both with your host family and at school. Your local correspondent is on hand to lend assistance in case of any issues and should be your first point of contact on the ground.

Our partner organization's local correspondants are all experienced and fully qualified to assist international students on the ground, offering support and assistance quickly and efficiently should issues arise.

It could be you...

Hi, I'm Agnès, an exchange student from Belgium.

I've been staying in Tucson, Arizona since the 4th of August with my host family.

Early February we went to Phoenix for an ice Hockey Game. We are Coyotes Fan ! (Phoenix ice hockey team) The next day, we went horseback riding. It was wonderful to see the area where i'm living since 7 months in a completely other way : on the back of a horse, through the paths.

The amazing saguaro cactus, the bright blue sky and the mountains, welcome in Tucson, a spread-out city in the middle of the desert. It's really different from my home country where rain, clouds and green grass are usual.

The same day, my host family and I went to the "Tucson Gem' and Mineral Show". People from all over the world were presenting all kind of stones, pearls, fossils and so on of all sizes, colors, shapes, prices.

The weekend after, my host siblings, Eme and Max, and I left school earlier. We went to Sunrise Ski Resort in the White Mountains (north-east of Tucson). On the way there, we drove through the Salt Lake River Canyon and later on, we got to

see female moose on the side of the road. It was hard to believe I was still in Arizona with so much snow. The landscapes were amazing, really different from the French Alps where I usually go skiing. I love skiing so much. We all had a great time.

Last weekend, we had 4 days off of school. It was "Rodeo break", a holiday special to the state of Arizona. Professional rodeo competitions were taking place downtown Tucson. Sunday, I went with my hostmother to see the finals. it was pretty intense. The atmosphere was really "western" : cowboys, horses, boots and so on.

What a busy and wonderful February we had, my host family and I.

I thank them for all the different activities we do, for the great things we see, for all those great times we spend together. And also "Merci" for making me part of their family.

Agnès
