

# EASY LANGUAGES

## *Holiday programmes for teens (8-12, 13-15, 16-20 year olds)*

Holidays are good. **Language holidays** are better! If you are between **8 and 20 years old**, we offer fun and motivating camps adapted to your interests.

These programmes enable you to learn a foreign language in immersion, while adding **sports, cultural or arts** activities to your lessons. Your parents can rest easy, you will be **supervised** outside of lessons. Our team deals with all the organisation before, during and after your stay. Your parents therefore will always have a point of contact.

You will have an unforgettable holiday highlighted with new encounters, laughter and accompanied by progress in a foreign language.

### French

Kids discover the French language while taking part in cultural activities and outdoor sports! Supervised programs available across France, in Quebec, and even in Belgium.
